## How to Connect to eduroam network using iOS

## **Requirements:**

- 1. An eduroam account from SNO or DIC.
- 2. An eduroam server to connect to.

## **Connect using iOS**

1. Download eduroam installer through the eduroam Configuration Assistant Tool here.

2. Choose University of the Philippines Baguio from the list of organizations.

3. Tap *eduroam* to download.

4. Tap *Allow* to allow to proceed with the download.

5. Once eduroam has been downloaded, go to *Settings* then tap *Profile Downloaded*.
