

How to connect devices for Wi-Fi roaming inside UPB campus buildings

Requirements:

1. A device registered with the Systems and Network Office
2. Assigned SSID:
 - a. **UPB-Faculty** - device registered under faculty members
 - b. **UPB-Employee** - device registered under administrative staff and REPS
 - c. **UPB-Student** - device registered under UP Baguio students
 - d. **UPB-Guest** - all registered devices

Connect using Windows

1. On your desktop, click the network icon  located in the taskbar to turn on Wi-Fi connection.

2. After turning on Wi-Fi, a list of available Wi-Fi networks will appear. From this list, select your assigned SSID. (Refer to the list of assigned SSID above.)

- An option to **connect automatically** will appear. Check this option and click **Connect** to attempt to connect.

- Once it successfully connects, it should show the word **Connected** below the SSID.
